

HALF DAY STEM CAMPS

Summer Art Adventures Camp - Summer 320602

The summer art camp is a great experience for children to further explore their appreciation for art outside their school setting. It is a relaxed environment in which the children make art about things that interest them, giving them the freedom to expand their creativity by having fun. Children are able to learn a variety of techniques as well as how to talk to each other's art by participating in discussions after each class. This class is about trying new things and having fun! **Please wear old clothes. Participants must bring their own water bottles, etc. and should not share with others.**

7-11	Monday - Friday, August 16 - 20	1:00-4:00 pm

Themed Summer Art Camps - Summer 320603

Does your child love creating and wants to spend time this summer learning some new art skills. Each week participants will spend their time focusing on that week's specific themes. One week it'll be watercolors and acrylics, the next clay, and then finally markers and pastels. Plenty of options to find the class that they'll love. Participants have fun with their peers while exploring their creativity! **Please wear old clothes. Participants must bring their own water bottles, etc. and should not share with others.**

Ages	Day/Dates	Time	Theme
10-14	Tuesday - Friday, July 6 - 9	9:00 am-12:45 pm	Watercolor/Acrylics
6-9	Monday - Friday, July 12 - 16	9:00 am-12:00 pm	Watercolor/Acrylics
10-14	Monday - Friday, July 19 - 23	9:00 am-12:00 pm	Clay/Paper Mache
6-9	Monday - Friday, July 26 - 30	9:00 am-12:00 pm	Clay/Cardboard
10-14	Monday - Friday, August 2 - 6	9:00 am-12:00 pm	Markers//Pastels
6-9	Monday - Friday, August 9 - 13	9:00 am-12:00 pm	Markers//Pastels

Summer Cooking Camp - Summer 320701

This class will teach kids the basic fundamentals of cooking through a variety of fun and delicious recipes where they will also learn how to balance flavors. Each day will feature a savory and a sweet preparation with different cultural influences. Please bring a Tupperware container to each class so your child may bring home their yummy creations. Class instructor is Food Network's "CHOPPED Junior" finalist, East Brunswick's own, Jacob Stern. This class will try to honor any dietary restrictions. **Please wear old clothes. Participants must bring their own water bottles and should not share with others.**

7-11	Monday - Friday, August 9 - 13	1:00-4:00 pm

Varsity Learning Challenge - Summer 321716

Join us as children dive into 4 exciting activities throughout the week all related to the worlds of Science, Technology, Engineering, and Math! Participants will participate in Everyday Engineering, utilizing various gadgets; Project Based Learning Math course, designing and creating hands on projects; Code Combat, learning the real coding language of Python through web design and game development; and Science Exploration, working through experiments and coming up with scientific solutions. They will also have daily time to participate in various games and recreational activities. New activities will be presented each week to children enrolling in both weeks.

Participants must bring a non-perishable lunch. Refrigeration and kitchen facilities are not available. Sneakers and sunscreen are also required.

Age
7-11

Day/Dates
Monday - Friday, June 21 - 25

Time
1:00-4:00 pm

CSI Summer Camp - Summer 321702

Crime Scene Investigation explores the principles of forensics. Participants will engage in activities, presentations, and labs that cover missing persons; making a magnifying glass; taking, identifying, and collecting fingerprints; creating and examining blood spatter patterns; identifying an unknown powder; chromatography; time of death exercises; casting footprints. This program is taught by current and/or former law enforcement detectives from National CSI Camps. Each participant will receive a CSI Lab Kit. **Participants must bring their own non-perishable snacks, lunch, water bottles, etc. and should not share with others. Refrigeration and kitchen facilities are not available.**

7-11

Day/Dates
Monday - Friday, August 23 - 27

Time
9:00 am-4:00 pm

Mad Science Camp - Summer 321708

Mad Science camp is a great experience for children to further explore their interest in the world of science. You can sign your child up for a half day or full day session. **Full Day participants must bring their own non-perishable snacks, lunch, water bottles, etc. and should not share with others. Half Day participants should bring a water bottle. Refrigeration and kitchen facilities are not available.**

June AM Camp - Secret Agent Lab - Spies Like Us - Step into the shoes of a detective—uncover the science involved in evidence gathering and analysis. Become a super sleuth and learn clever ways of performing tasks in this hands-on view of the science that spies use. From decoding messages to metal detectors and night vision, you will have the opportunity to check out spy equipment, and discover the technological tools of detection!

June PM Camp - Secret Agent Lab - Funky Forensics - Focus on the science of forensics in this hands-on look at crime scenes. Identify and collect evidence, from fingerprints to tracks to trash! Recreate the scene of a crime using clues and detailed observations. Use science to connect the dots and help sniff out the suspects in this hands-on investigation into the science of sleuthing!

August AM Camp - LEGO™ Brixology - Our LEGO™ BRIXOLOGY camp was developed in partnership with LEGO™ Master Builders! Team up to build exclusive creations that will test their engineering abilities! Build carnival rides, drawing machines, mechanical animals, truss bridges and space stations. Try your hand at aerospace, nautical, biomechanical, and even structural engineering! Let the tinkering begin!

August PM Camp - Mad Machines & Jr Engineers - Whether you enjoy building or destroying structures, you'll love this camp! Work with pulleys, wedges, screws, and levers, build your own catapults and play robot soccer! Exercise your ability to work with others while constructing a geodesic dome big enough for all campers to fit inside! Let the engineering excitement begin!
