NOTIFICATION OF ROAD CONSTRUCTION

January 29, 2024

Project: Intersection Improvements to Cranbury Road

Please be advised that on or about Monday, February 5, 2024, construction at the intersection of Cranbury Road and Fern Road is scheduled to begin and is expected to take approximately 4 ½ months to complete.

The scope of work for this project will primarily consist of widening the intersection, installing new curbs and sidewalks, installing ADA ramps, milling and paving, and upgrading the traffic signals. The working hours will be from 7:00 AM to generally 4:30 PM, Monday to Friday. During working hours, the road will remain open to traffic. However, during the hours of 9am to 4pm, traffic may be limited to a single lane alternating pattern in work zones. The milling and paving work will be performed during nighttime hours.

If you should have any questions or concerns regarding this project, please feel free to contact Brent Bitsko from Middlesex County Engineering at 732-289-1555.

Thank you for your cooperation in advance,

Top Line Construction Corporation
