

For Immediate Release

East Brunswick Township Offers Contactless Parking Payments at Commuter Lots through ParkMobile.

East Brunswick, NJ –July 8, 2020 – The Township of East Brunswick announced today that they will begin to provide contactless parking payments at over 1000 spaces in commuter lots. The Township has entered into a contract with [ParkMobile](#), a provider of smart parking and mobility solutions in the United States. Amid the COVID-19 crisis, many town leaders are encouraging residents to use the app instead of the physical pay station to prevent the spread of the virus.

ParkMobile is a free app available for [iPhone](#) and [Android](#) devices. To pay for parking with the ParkMobile app, a user enters the zone number posted on the stickers and signs in the lot. The user then selects the amount of time needed and touches the “Start Parking” button to begin the session. Commuter lots in East Brunswick require a flat rate for daily parking.

ParkMobile has a large base of users in the state of New Jersey and across the Tri-State Area. There are almost 1.3 million users of the app in N.J. cities including Newark, Hoboken, New Brunswick, Jersey City, Asbury Park, Ocean City, Wildwood, Passaic and more. Beyond New Jersey, the app can be used in 400 cities across the U.S. and is widely available along the Northeast corridor from Washington, DC, to Philadelphia, to New York City.

“East Brunswick is excited to announce this new partnership with ParkMobile,” says Mayor Brad Cohen. “By offering a contactless payment option at our commuter lots, we can ensure the safety of our residents, visitors, and Township personnel during the current health situation.”

“ParkMobile welcomes East Brunswick to our growing network in New Jersey,” says Jon Ziglar, CEO of ParkMobile. “We have a large base of users in the state, making it easy for all N.J. residents to use one app for contactless parking payments wherever they go.”

About ParkMobile

ParkMobile, LLC is the leading provider of smart parking and mobility solutions in North America, using a contactless approach to help millions of people easily find, reserve, and pay for parking on their mobile device. The company’s technology is used in thousands of locations across the country, including 8 of the top 10 cities as well as college campuses, airports, and stadiums. People can use ParkMobile solutions to quickly pay for on-street and off-street parking without having to use a meter or kiosk. Additionally, ParkMobile offers parking reservations at stadium venues for concerts and sporting events. Reservations are also available in metro area garages, allowing people to drive into the city without having to worry about finding parking. ParkMobile has been named to the Inc. 5000, Deloitte Fast 500, Smart Cities Connect “Smart 50,” and the

Atlanta Journal Constitution's Top Workplaces. Additionally, the company won the 2020 Stevie Awards for Achievement in Product Innovation and the 2019 Stevie Awards for Most Innovative Tech Company and Best Travel App. For more information, visit [ParkMobile.io](https://parkmobile.io) or [@ParkMobile](https://twitter.com/ParkMobile) on Twitter.
